The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claim 14 is rejected under 35 U.S.C. 102(b) as being anticipated by Katayanagi.

Katayanagi teach a driving mechanism (rotating force transmitting apparatus) comprising a first transmitting means 101,102,103,104,105 and one-way clutch 13 for transmitting a drive force to a roller 10 and a second transmitting means 101,102,106,107,108,109,110,11,112,113 and one-way clutches 15,16 for transmitting a drive force to roller 11. A common drive motor 9 imparts a rotary force to the first and second transmitting means. While the drive motor is rotating in a forward (normal) direction, the clutch 13 will permit rotation to the roller 10 and the clutch 15 will permit rotation to the roller 11.

2. Claims 5-13 are allowable over the prior art of record.
3. Applicant's arguments with respect to claims 5-14 have been considered but are moot in view of the new ground(s) of rejection.

The applicant has presented a new claim 14 which is substantially similar to the original claim 1 which has been previously rejected under Katayanagi.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
